At the Annual Meeting of the Proprietors held at Liverpool on the 21st October, 1863, BERNARD HALL, Esq., Chairman of the Company, in the Chair, the Directors' Report for the Year stated:—

That the Fire Premiums for the Year amounted to . . . £70,300
 Being an INCREASE over the Preceding Year of . . . 22,880

That the Life Premiums for the First Three Years were . . . 15,249
 And for the Past Three Years . . . 43,557
 Being an INCREASE in the latter Triennial Period over the former of . . . 28,308

That the AMOUNT ACCUMULATED SINCE LAST MEETING, as a Fire Reserve Fund, was . . . 23,427
 And the Amount added to the Life Fund was . . . 13,743

That during the Last Five Years the Company has PAID FOR CLAIMS . . . 106,515

The Actuary Reported that the Life Liabilities had been valued on the soundest principles, viz.:—Net Premiums, at 3 per Cent. Interest, and that the Bonus to Participating Policy Holders averaged as much as 46 per Cent. per Annum, of the Premiums paid; while, in some instances, it was as high as 65, 70, and even 75 per Cent. A dividend was declared to Proprietors at the rate of Eight per Cent. per Annum.

A new Bonus Scheme was announced, which confers very great benefits on Participating Policy holders, as the Company's LARGE LIFE BONUSES may, under this scheme, be taken by the Assured in the shape of a BONUS POLICY, free from any condition whatever, and payable absolutely at the death of the Assured, without any reference to the original Policy, so that the holder possesses an absolute reversion of a defined market value, capable of being at any time converted into Cash.

EXAMPLES OF BONUSES DECLARED ON POLICIES AS ABOVE.

THE MORTALITY STATISTICS OF A GREAT LIFE OFFICE,

which contain the record of the final fulfilment of the objects for which the Assurances were originally effected, present a striking illustration of the value of Life Assurance. The importance and value to the recipients of the large sums annually paid by the Society to the Families and Representatives of deceased Policy-holders cannot be fully known, but the figures in the following abstract will doubtless be sufficiently suggestive in this respect.

Years when Deaths took place.	No. of Policy-holders who died.	Sums Paid to their Representatives.
Year 1860	174	£276,041 8 6
Year 1861	159	266,808 8 1
Year 1862	172	279,235 9 9
Year 1863	201	291,167 4 6
Total for Four Years	706	£1,113,252 10 10

Thus the public usefulness of the Scottish Widows' Fund is impressively indicated by the fact that it is now distributing nearly

Three Hundred Thousand Pounds per annum,

among the Representatives and Families of deceased Policy-holders. This wide diffusion of benefit will in after years greatly increase in amount.

MAGNITUDE OF THE SOCIETY'S BONUSES.

DURING the Seven Years from 1852 to 1859 alone, the large sum of £654,487, Cash Profit, was set aside for division, and the following Reversionary Bonuses were added to the Policies *in addition to Bonuses declared at previous divisions of Profits.*

STANDING OF THE POLICIES, According to which the Profits of the seven years ending 31st December 1859 were rateably divided.	Annual per centage of Bonus declared.	Bonus Addition for the seven years to Policies of £1000.
A Policy of 5 years' standing received as its share	£1 12 6	£81 5 0
A Policy of 10 years' standing received as its share	1 14 2	119 14 4
A Policy of 15 years' standing received as its share	1 17 2	130 4 10
A Policy of 20 years' standing received as its share	2 0 10	142 19 2
A Policy of 25 years' standing received as its share	2 4 11	157 4 0
A Policy of 30 years' standing received as its share	2 8 10.	170 18 2
A Policy of 35 years' standing received as its share	2 12 5	183 7 3
A Policy of 40 years' standing received as its share	2 15 11	195 16 1
A Policy of 45 years' standing received as its share	3 6 0	230 19 9

The large amount of these Bonuses is obvious. Had the sum of £654,487, been divided according to the practice of many offices, viz., by equal annual per centage irrespective of the standing of the Policies, it would have yielded on every Policy an

AVERAGE ANNUAL RATE OF BONUS OF

Two Pounds, Three Shillings, and Eleven pence, per cent.

Comparison between the average rate of Premium paid, and the average rate of Bonus declared during the seven years, affords a popular view of the advantage of Life Assurance in the Scottish Widows' Fund, thus:

The Rate of Premium per £100 assured was about....£3 5 0 per cent.

While the Rate of Bonus per £100 assured was 2 3 11 „

That is, for every £1 of Premium paid, no less than 67½ per cent, or 13s. 6d. was on an average added, as a Reversionary Bonus, to every Policy. The following note contains Examples of the

PRESENT (1864) AMOUNTS OF £1000 POLICIES.

A Policy for £1000, dated 1853, amounts to.....	£1204 5 0
A Policy for £1000, dated 1843, amounts to.....	1432 17 7
A Policy for £1000, dated 1833, amounts to.....	1725 18 5
A Policy for £1000, dated 1823, amounts to.....	1993 18 1
A Policy for £1000, dated 1815, amounts to.....	2445 17 3

Larger and Smaller Policies are proportionally increased.

SURRENDER VALUES PAYABLE ON DEMAND.

It is the practice of some Offices to refuse payment of Surrender Values on the ground that the policy has not existed for a certain number of years. This practice is undoubtedly one of the principal impediments to the extension of Life Assurance. Persons who intend effecting Assurances will observe that this objection is obviated in the Scottish Widows' Fund, as Surrender Values are allowed to the Members at any time they shall choose to discontinue their Policies. The following are

EXAMPLES OF SURRENDER VALUES OF POLICIES OF £1000, OF THE PARTICIPATING CLASS. *Age at entry being 30.*

Duration of Policy.	Premiums paid.	Surrender Value.	Per Centage of Surrender Value on Premiums paid.
One Year	£25 17 6	£8 0 10	31 per cent.
Ten Years	258 15 0	160 12 10	62 per cent.
Twenty Years	517 10 0	390 15 11	75 per cent.
Thirty Years	776 5 0	699 10 0	90 per cent.
Forty Years	1035 0 0	1071 19 0	104 per cent.
Forty-five years ..	1164 7 6	1435 9 0	123 per cent.

Thus a Scottish Widows' Fund Policy, besides securing an Assurance in the event of the Member's death, has the special advantage of being **AS CONVERTIBLE AS A BANK NOTE**, during his lifetime to the extent of its value, which in many cases considerably exceeds the amount of the premiums paid.

MANY FAILURES AND AMALGAMATIONS

having taken place among Life Assurance Offices within the last few years, the Directors take occasion to present this Society to the confidence of the public as an institution whose financial position is a perfect guarantee to every Member that his Policy and Accumulated Bonuses will be duly paid whenever the event on which they become payable may take place.

THE CONVENIENCE OF PARTIES

is consulted in effecting Assurances, in every transaction connected with the Policy during its existence, and in the final settlement of claims at Death; and all necessary information, and every facility will be afforded, free of charge, on application to the Head Office or to any of the Society's Agents.

RATES OF POSTAGE.

INLAND LETTERS.*

The rate of postage on all inland letters is regulated by weight irrespective of distance, and (with the exceptions afterwards mentioned) is as follows:—

IF PAID IN ADVANCE—

Letter weighing not more than $\frac{1}{2}$ oz.†	1d.
" " more than $\frac{1}{2}$ oz. but not exceeding 1 oz.....	2d.
" " more than 1 oz. " " 2 oz.....	4d.
" " more than 2 oz. " " 3 oz.....	6d.

and so on ; twopence being charged for every additional ounce.

UNPAID LETTERS.

As a general rule, the postage, if not paid in advance, is double the foregoing ; and if the payment in advance be insufficient, double the deficiency is charged. An inland letter, for example, weighing more than half an ounce, and not exceeding one ounce, if bearing a penny stamp only, is, on delivery, charged twopence. The unpaid *additional* postage on re-directed letters, however, is not doubled, being the same as if such postage were prepaid. An inland letter weighing more than 4 ounces, posted wholly unpaid, is not forwarded, but a notice of its detention is forwarded to the sender, or, failing him, to the person to whom it is addressed.

COLONIAL AND FOREIGN LETTERS.

The rates of postage on letters to foreign countries and the colonies are entered in the Table of Colonial and Foreign Postage, at page 64.

ADDRESSES TO THE QUEEN AND PETITIONS TO PARLIAMENT.

Petitions and Addresses to Her Majesty, forwarded direct, are exempt from postage ; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or are in covers open at the sides. No letter, or other enclosure, however, must be inserted, and

* Inland Letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

† If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to Letters going abroad. To provide, therefore, for error in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

if one be found, such enclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

NEWSPAPERS AND OTHER PERIODICAL PUBLICATIONS BEARING THE NEWSPAPER STAMP.

Although provision is made for forwarding newspapers, books, and money through the post, it is not compulsory on any one to employ this mode of transmission; everything except letters may be sent in any other way.

All periodical publications, including newspapers published in the united Kingdom, at intervals not exceeding thirty-one days, and which bear an impressed stamp or stamps denoting the stamp duty (of the kind formerly confined chiefly to newspapers), may be transmitted and re-transmitted through the post within the United Kingdom free of postage under the following regulations, viz. :—

1st, They are subject to the same restrictions with regard to the number of sheets and superficial extent as were formerly applicable only to newspapers properly so called. These restrictions are shown in the following Table :—

Amount of Stamps impressed on the Publication.	Maximum Number of Sheets.	Maximum Superficial Extent of Letterpress on One Side.
One Penny.	Two.	2,295 inches.
Three Halfpence.	Three.	3,443 „
Twopence.	Four.	4,591 „

2d, No publication, or portion thereof, can pass through the Post unless the impressed stamp which it bears be a stamp of the value at least of one penny.

3d, The title and date of the publication must be printed at the top of every page.

4th, The publication must be folded in such a manner that the whole of the stamp or stamps denoting the full duty shall be exposed to view, and be distinctly visible on the outside, except that where there are more than two publications in the same cover it will be considered sufficient if the stamps be so arranged that they can readily be examined.

5th, It must not be printed on pasteboard or cardboard, or on two or more thicknesses of paper pasted together, nor must any pasteboard, cardboard, or such pasted paper be sent with it as a back or cover thereto, or otherwise.

6th, It must be posted within fifteen days from the printed date of issue.

7th, It must have either no cover or a cover open at the ends.

8th, It must not contain any enclosure.

9th, It must have no writing or other mark thereon, but the name and address of the person to whom it is sent, nor anything on the cover but such name and address, the printed title of the publica-

tion, and the printed name and address of the publisher or vendor who sends it. Thus if a newspaper franked by a newspaper stamp, after having had the address of one person written upon the paper itself, be sent to another person, the first address must be cut off (obliteration not being sufficient.)

10th, If the publication be addressed to any person within the free delivery of the place where it is posted, it will become liable to a postage of one penny, which must be prepaid by affixing a postage stamp.

11th, When a newspaper, &c., is so folded as not to expose the stamp or stamps, a postage of one penny is charged in addition to any other postage to which the publication, if properly folded, would be liable. If the newspaper, &c., be addressed to any person within the free delivery of the place where it is posted, and do not bear a penny postage label, it is charged 2d; for any breach of the 9th rule an additional postage of 2d is charged.

12th, In case of any other irregularity the publication is dealt with as an unpaid letter.

NEWSPAPERS SENT ABROAD.

Newspapers sent abroad, whether to a British colony or to a foreign country, are liable to the 3rd, 5th, 6th, 7th, 8th, and 9th of the foregoing regulations; moreover the name of the newspaper must have been registered at the General Post Office. Every such newspaper is liable to the postage entered in the Table of Colonial and Foreign Postage; and this postage must be prepaid in stamps.* As respects newspapers going abroad the impressed stamp stands for nothing. Publications registered for transmission abroad, although not strictly newspapers, are nevertheless, so far as the British office is concerned, treated as such.

PARLIAMENTARY PROCEEDINGS.

Printed proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the following rates of postage:—

Weighing not more than 4 oz.,	1d
„ more than 4 oz., but not exceeding 8 oz.,.....	2d
„ more than 8 oz., „ 12 oz.,	3d
„ more than 12 oz., „ 16 oz.,	4d

and so on; one penny being charged for every additional quarter of a pound or fraction of a quarter of a pound.

The words “Parliamentary Proceedings” must be written or printed on the cover of the packet, otherwise it will be treated as an ordinary book packet.

Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part the simple difference only is charged.

* Newspapers posted unpaid are retained at the Returned Letter Office for one week, and then, if the postage still remain unpaid, are destroyed.

Parliamentary proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Foreign States between which and this country there is a book post.

INLAND BOOK POST.

The following are the regulations of the Inland Book Post :—

1st, Rates of Postage—

Weighing not more than 4 oz.,	1d
„ more than 4 oz., and not exceeding 8 oz.,.....	2d
„ more than 8 oz., „ 16 oz.,.....	4d
„ more than 1 lb., „ 1½ lb.,.....	6d

and so on, 2d being charged for every additional half pound or fraction of a half pound.

2nd, The postage must be prepaid by means of postage stamps affixed outside the packet or its cover. If the whole postage be not thus prepaid the packet is treated in the manner described in Section 9.

3d, Every packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination. For the greater security of its contents, the packet may be tied at the ends with string; but in such case the Postmaster is authorized to cut the string, although if he do so he must again tie up the packet.

4th, A book-packet may contain any number of separate books or other publications (including printed or lithographed letters) photographs (when not on glass or in cases containing glass), prints, or maps, and any quantity of paper, parchment, or vellum; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these; but no printed matter or prints will be allowed, except such as may be printed on paper, parchment, or vellum. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers, in the case of prints or maps, markers (whether of paper or otherwise), in the case of books, and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but no patterns or books of patterns (unless these consist merely of *paper*) can be permitted.

5th, No book-packet may contain anything which is sealed or otherwise closed against inspection; nor must there be any letter, nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. Indeed, as respects the name and address of the sender, not only is the writing permitted, but it is even recommended; so that if the cover come off, or for any other reason the packet cannot be forwarded, it may be returned.

6th, No book-packet must exceed two feet in length, width, or

depth; and if any such packet be presented at a post-office it will not be received.

7th, Any packet which shall not be open at the ends or sides, or shall have any letter or any communication of the nature of a letter written in it, or upon its cover, will be charged with the "unpaid" letter postage.

8th, If a packet be found to contain any letter not wholly printed, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorised enclosure, the letter or enclosure will be taken out and forwarded to the address on the packet, charged with the full postage, as an unpaid letter, together with an additional rate; and the remainder of the packet, if duly prepaid with stamps, will then be forwarded to its address.

9th, If a packet be not sufficiently prepaid with stamps, but nevertheless bear a stamp of the value of one rate, it is forwarded, charged with the deficient book-postage, together with an additional rate; but any packet which bears no postage stamp is charged with double the book postage.

10th, In every case in which the postage chargeable under these regulations is greater than the letter rate, the latter postage is substituted.

COLONIAL AND FOREIGN BOOK POST.

Except that the rates of postage are higher, and that at present all books for places abroad, when posted unpaid, are subject to letter rate of postage, books can be sent to all British colonies, and to those foreign countries indicated in the table of Colonial and Foreign postage at page 64, on the same conditions as those of the Inland Book Post.

INLAND PATTERN POST.

The following are the rules of the Inland Pattern Post:—

1st, Rates of Postage—

For a packet of patterns	s.	d.
Weighing not more than 4 oz.,	0	3
„ more than 4 oz., but not more than 8 oz., ...	0	6
„ more than 8 oz., „ 16 oz., ...	1	0
„ more than 16 oz., „ 24 oz., ...	1	6

2d, The postage must be prepaid by means of postage stamps.

3d, No packet of patterns must exceed 24 oz. in weight. Any packet exceeding that weight will be charged as a letter.

4th, The patterns must not be of intrinsic value. This rule excludes all articles of a saleable nature, and, indeed, whatever may have a value of its own, apart from its mere use as a pattern; and the quantity of any material, sent ostensibly as a pattern, must not be so great that it can fairly be considered as having, on this ground, an intrinsic value. Packets containing patterns of intrinsic value will be charged as letters.

5th, There must be no writing or printing other than the address of the person for whom the packet is intended, the address of the sender, a trade mark and numbers, and the prices of the articles, otherwise the packet will be treated as a letter.

6th, The patterns must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen, or other material, tied at the neck; bags so closed that they cannot be readily opened, even although they be transparent, must not be used for this purpose. Non-compliance with this rule will also subject the packet to be treated as a letter.

7th, In all other respects the regulations of the Inland Book Post will apply to the Inland Pattern Post.

COLONIAL AND FOREIGN PATTERN POST.

Except that no packet addressed to France or Italy may have the address of the sender upon it or upon its cover, trade patterns can, on the foregoing conditions, and at the rates inserted in the Table of Colonial and Foreign Postage, be sent to such colonies and foreign countries as are marked in that Table with the letter "P."

REGISTRATION.

By the prepayment of a fee of fourpence any letter, newspaper, book, or other packet on which the postage has been prepaid in stamps, may be registered to any place within the United Kingdom, and on the prepayment of sixpence, to any British Colony. Letters also (but letters only) can be registered to certain foreign countries.

The registration of a packet makes its transmission much more secure; and the loss of such a packet is a very rare occurrence. Nevertheless, by Act of Parliament, the Post Office is not responsible for the safe delivery of registered packets, though any officer who may neglect his duty on this point will be called to strict account, and if the Postmaster-General think fit will be required to make good any loss that may be sustained. Sent in *unregistered* letters, valuable articles are exposed to serious risk; and the department cannot in any way undertake the safe conveyance of such packets. All inland letters, therefore, which unquestionably contain coin, even though they be posted without registration, are treated as registered, and charged on delivery with a double registration fee of eightpence in addition to the ordinary postage, and any such letters which cannot be registered in time to be forwarded by the Mail for which they are posted are detained for the next despatch. As yet, however, this rule applies only to *inland* letters.

Every letter to be registered should be presented at the counter, and a receipt obtained for it, and on no account be dropped into the letter-box. If, contrary to this rule, a letter marked "Registered" be dropped into the letter-box, it will, *if directed to any place in the United Kingdom*, be liable to a registration fee of eightpence, instead of the ordinary fee of fourpence.

The latest time for posting registered letters on the payment of the ordinary fee is half an hour before the time of closing the letter-

box for the Mail by which they are to be despatched ; but upon payment of a late fee of fourpence, in addition to the ordinary registration fee, letters, whether inland, foreign, or colonial, may be registered after the hours specified, until the closing of the letter-box for each despatch, or until the office is closed for the night.

The postage and registration fee of registered letters must be prepaid ; and if the letter be inland, such prepayment must be by stamps.

The registration fee upon letters addressed to France or Countries through France (*exclusive of those sent in the British Mails to India, Gibraltar, via France, Malta, Constantinople, Portugal, Spain, Sardinia, Parma, Placentia, Modena, Tuscany, or Australia*) is not a fixed sum, but is chargeable by weight, and is in all cases a sum exactly equal to the postage, whatever that may be.

The registration fee chargeable upon letters addressed to Russia and Poland is a fixed sum of 6d for a letter of any weight, in addition to 4d for every $\frac{1}{2}$ oz. or fraction of a half ounce.

DELIVERY.

Letter Carriers and Rural Messengers are prohibited from distributing any Letters, Newspapers, &c., whether before beginning their rounds, whilst on their rounds, or after they have completed them, except such as have passed through a Post Office. Nor are they allowed to receive any payment beyond the postage for the delivery or collection of any letter or newspaper, nor to deviate from the route laid down for them. The prohibition, however, from receiving payment in addition to the postage does not extend to Christmas gratuities.

No person living within the town free delivery, unless he rent a private box, can obtain his letters at the office if a delivery by Letter Carriers is about to commence ; but when a mail arrives, after which there is no immediate delivery by Letter Carriers, any person, so long as the office is open, may obtain his letters, arriving by such mail, on applying at the office.

Any person can have a private box who is willing to pay the appointed fee. Where this fee goes to the Revenue, it is generally fixed at one guinea per annum to be paid in advance, and for a period of not less than a year.

MONEY ORDERS.

The public are recommended, when applying for Money Orders, to use printed "Application Forms," which save time, and afford greater security than verbal messages against mistakes. These

Forms are supplied gratuitously at all Money Order Offices. The Commission on Orders issued is as under :—

For Sums not exceeding {	£2	£5	£7	£10	
If payable in—	s. d.	s. d.	s. d.	s. d.	No single
The United Kingdom.....	0 3	0 6	0 9	1 0	Order can
Gibraltar or Malta.....	0 9	1 6	2 3	3 0	be granted
Any Colony transacting					for more
Money Order Business...	1 0	2 0	3 0	4 0	than £10.

No order is allowed to contain a fractional part of a penny.

With the subjoined exceptions, no money order can be issued unless the applicant furnish, in full, the surname and at least the initial of one Christian name, both of the remitter (the person who sends the order), and the payee (the person to whom the money is to be paid), together with the remitter's address :—

1st, If the remitter or payee be a peer or a bishop his ordinary title is sufficient; and if a firm, the usual designation of such firm will suffice * except a company trading under a title which does not consist of the names of the persons composing it, as the "Carron Company," to which kind of company the above privilege does not extend.

2d, When the remitter notifies in writing that the order is to be paid through a bank, it is left to his option to give or withhold the name of the payee.

The remitter of an order may make that order payable ten days after date, provided he comply with the prescribed conditions.

When an order is paid through a bank it is sufficient that it be receipted (without regard to any discrepancy between the signature and the name in the advice, or to whether the receipt is given by the payee himself or by another person), and that it be presented (crossed with the name of the receiving bank) by some person known to be in the employment of the bank.

The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted.

Money Orders do not require a receipt stamp.

Payment of an order issued, and payable in the United Kingdom, must be obtained before the end of the second calendar month after that in which it was issued (for instance, if issued in January, it must be paid before the end of March), otherwise the order becomes lapsed, and a new order will be necessary, for which a second commission will be charged. The period for payment of orders issued in the United Kingdom, and payable in any colony authorised to transact money order business, including Gibraltar and Malta, is six months, and orders granted at those places on the United Kingdom are also payable during six months after that in which they were issued. If the order be not paid before the end of the twelfth

*The mere term "Messrs" however, is not sufficient.

calendar month after that in which it was issued, all claim to the money will be lost.

To guard against any person, even if he obtain possession of a money order, fraudulently getting it cashed, the remitter is recommended—

- 1st, When he is well known to the payee, to sign the letter enclosing the order with his initials only.
- 2d, When this is not the case, either to make the order payable ten days after date, or to register the letter enclosing it, or to make the order payable through a bank.
- 3d, When it is not considered expedient to adopt either of these courses, to send the remitter's name in a separate letter from that containing the money order.

In case of the miscarriage or loss of an Inland Money Order, a duplicate is granted on a written application (with the necessary particulars), and enclosing the amount of a second commission in postage stamps to the Controller of the Money Order Office of the kingdom where the original order was *issued*; and if it be desired to stop payment of an order a similar application must be made to the Controller of the Money Order Office of the kingdom in which the order is *payable*.

Proper printed forms for making applications for re-payment, transfer of payment, alteration of name, or issue of duplicate order, &c., may be obtained at any Money Order Office.

Money Orders are issued at all Money Order Offices in the United Kingdom on the undermentioned Colonies :—

Antigua.	Prince Edward Island.
British Guiana.	Queensland.
Canada.	South Australia.
Cape of Good Hope.	Trinidad.
Newfoundland.	Victoria.
New South Wales.	West Coast of Africa.
New Zealand.	Western Australia.
Nova Scotia.	West Indies.

These Colonies are authorised to issue Money Orders on the United Kingdom.

Other offices abroad authorised to issue and pay Money Orders :—
Gibraltar and Malta.

POST OFFICE SAVINGS BANKS.

1. About 3000 Post Office Savings Banks are open daily for the receipt and payment of money, during the hours appointed for Money Order business.

2. Interest at the rate of £2 10s. per cent. is given on the money deposited in them.

3. Depositors in them have direct Government security for the prompt repayment of their money.

4. A Depositor in any one of the Post Office Banks can continue his deposits at any other of such Banks, without notice or change of book, and can withdraw his money at that Post Office Bank which is most convenient to him.

5. The strictest secrecy is observed with respect to the names of Depositors in Post Office Banks, and the amounts of their deposits.

6. If a Depositor in any legally established Savings Bank wishes to place his money in a Post Office Savings Bank, he should apply to the Trustees of the old Savings Bank for a Certificate of Transfer (in the form prescribed by the 10th section of the Act 24 Victoria, cap. 14), and should pay the Certificate into any Post Office Bank as if it were a cheque. By adopting this course, the Depositor will avoid trouble and the risk of carrying cash from one Bank to the other.

7. Married women may deposit money in the Post Office Savings Bank, and money so deposited will be repaid to the Depositor, unless her husband gives notice, in writing, of marriage, and claims payment of the deposits.

8. Money may be deposited by, or on behalf of, Minors. Depositors over seven years of age are treated as persons of full age, but Minors under seven years of age cannot withdraw their deposits until after they have reached the age of seven.

9. Friendly Societies, duly certified by the Registrar of Friendly Societies, may deposit their funds, without limitation of amount, in the Post Office Savings Bank, but a copy of their Rules must previously be sent to the Postmaster-General.

10. Charitable Societies and Penny Banks may also deposit their funds, but a copy of their Rules must first be sent to the Postmaster-General. Especial aid is given to Penny Banks established in connection with the Post Office Banks.

11. Applications to the Chief Office on the business of Post Office Savings Banks, and the replies sent thereto, are free from charge for postage.

12. If any additional information be required, with respect to Post Office Savings Banks, it can be obtained at any Post Office, or by application to the Controller, Savings Bank Department, General Post Office, London, E.C.

EXPLANATIONS RELATIVE TO THE FOREGOING TABLE, AND MISCELLANEOUS REGULATIONS.

When a letter, addressed to go by a route that requires Prepayment, is posted unpaid, and there is some other route where Prepayment is not required, it is forwarded by that route; but if there be none, it is sent to the Returned Letter Office, to go back to the writer.

The letter *a* prefixed to any division shows that the postage there entered does not carry the letter from the place where it is posted in the United Kingdom entirely free to its place of destination, but that it is liable to an *additional* charge upon delivery.

Periodical works not of daily publication, issued in the shape of pamphlets, may be sent to the United States, California, and Oregon, by packet, and to Holland viâ Belgium and by private ship (to which latter country Parliamentary Proceedings may also be sent), at the following rates:—Not exceeding 2 oz., 1d; above 2 oz. but not exceeding 3 oz., 6d; above 3 oz. but not exceeding 4 oz., 8d; with an addition of 2d for every additional ounce up to 16 ounces, above which weight the privilege does not extend, *except as regards Parliamentary Proceedings to Holland, the weight of which is unlimited.* At the same rate of postage, any pamphlet not weighing more than 8 oz. (even though it be not a periodical publication) may be sent to the United States, California, and Oregon. This postage is only the British portion, a further sum being charged on delivery. The periodical works or pamphlets must always be sent in a cover open at the ends (not more than one being sent in a single cover), and the postage must be prepaid. Other printed papers or books (except those specified above), addressed to the places above named, are liable to letter rate of postage. There must be no writing or other marks upon such periodical works, pamphlets, &c., or upon the covers, except the names and addresses of the persons to whom they are sent; nor upon the covers must there be any printing except the names and addresses of the persons to whom they are sent and the names and addresses of the senders. Any other writing, &c., will render the packets liable to letter rates of postage.

LETTERS FOR OFFICERS, NON-COMMISSIONED OFFICERS, SOLDIERS AND SEAMEN,

IN HER MAJESTY'S SERVICE, SERVING ABROAD.

Non-commissioned officers, soldiers, and seamen, in Her Majesty's Service, whether serving on sea or land, or in a British Possession or Foreign Country, as also enrolled pensioners in Canada, can send and receive letters by Packet, or Man-of-War, for a postage of a 1d, which must be prepaid; but, if any such letters have to pass through a Foreign Country, they are subject, in addition, to the Foreign postage, whatever that may be.

Letters addressed to, or sent by, a commissioned officer (in the Navy or in the Royal Marines), or a warrant officer, employed on board any of Her Majesty's Ships on a Colonial or Foreign Station,

are subject to a uniform British rate of 6d per half ounce each, which must be paid in advance; but if any such letters have to pass through a Foreign Country, they are also subject to the Foreign postage, in addition to the British rate of 6d.

The following table shows the combined British and Foreign postage on letters sent to, or received from, officers, non-commissioned officers, soldiers, &c., serving abroad:—

	COMMISSIONED OFFICERS.		NON-COMMISSIONED OFFICERS & PRIVATES.

If the letter be posted in the United Kingdom for a place abroad, unpaid or insufficiently paid, it will (if not exceeding half an ounce in weight) be detained and returned to the writer for payment of the postage; but if it exceed half an ounce, it will be treated as an ordinary letter, and charged the full postage.

With the following exceptions, no letter, &c., can be forwarded by the post which is more than two feet in length, breadth, or depth, nor any wholly unpaid packet which weighs more than four ounces. The exceptions are:—

- 1st, Packets to or from places abroad.
- 2d, Packets to or from any of the Government Offices, or Departments, or Public Officers.
- 3d, Petitions or addresses to the Queen, whether directed to Her Majesty, or forwarded to any Member of either House of Parliament.
- 4th, Petitions to either House of Parliament, forwarded to any Member of either House.
- 5th, Printed Parliamentary proceedings.

No information can be given respecting letters which pass through a Post Office, except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

Postmasters are not allowed to return any letter, &c., to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon; as every letter, &c., must be delivered to the person to whom it is directed (and to him alone), at the address it bears.

Late letters, &c.,* are received till within five minutes of the despatch of the mails, except where the Surveyor may deem a longer interval necessary, and excepting that no office is to be kept open merely for this purpose after ten o'clock at night.

No late letters, &c. (except Government letters), are forwarded by the mail preparing for despatch, unless prepaid, and that in stamps, so as to include both the ordinary postage and the late letter fee; but, in the case of Government letters, it is sufficient to prepay the fee.

With the subjoined exceptions, every re-directed letter or other postal packet will be liable to an additional postage (at the prepaid rate) unless the re-direction be not only made by an officer of the Post Office, but be to a place within the district belonging to the same Head Office. Thus, on a paid or unpaid letter re-directed by an officer of the Post Office, or by any one else to a different postal district in the United Kingdom, and weighing not more than half an ounce, an additional postage is levied of one penny; or, if the weight be more than half an ounce, but does not exceed an ounce, of twopence; and so on. Upon a book thus re-directed to any other postal district in the United Kingdom, and weighing not more than four ounces, an additional postage of one penny is levied, or, if the book weigh more than four ounces, but not more than eight ounces, an additional postage of twopence; and so on. Government letters from London, Edinburgh, or Dublin, are not chargeable for re-direction.

During the time the office is open on Sunday (viz., from 9 to 10 in the morning), the public are allowed to prepay foreign and colonial letters, to purchase postage stamps, and to have letters registered; and all other duties are performed as usual, except Money Order and Savings Bank business, which on that day are wholly suspended.

At no provincial town in England or Ireland is there more than one delivery on the Sunday, Christmas day, or Good Friday; nor in Scotland, on Sunday or the Sacramental Fast Days; and any person is at liberty to prevent even this, so far as relates to himself, as he can have his letters, &c., retained in the Post Office on Sunday by addressing to the Postmaster a written request, duly signed to that effect.

* "Late Letters" are such as are posted after the ordinary time, and which cannot therefore be sent forward by the mail then in preparation, unless extra payment be made.

No Postmaster is bound to give change, or is authorised to demand change; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight, can be entertained after it has been removed from the counter.

Except as regards Foreign and Colonial letters about to be prepaid in money, a Postmaster is not bound to weigh any letters or other packets for the public, though he may do so if his duty be not thereby impeded.

Postmasters are instructed not to receive any letter, &c., which there is good reason to believe contains anything likely to injure the contents of the mail bag or the person of any officer of the Post Office. If such a letter &c., be posted without the Postmaster's knowledge, or, if at any time before its despatch he should discover any letter, &c., of the above description, he is directed not to forward it, but to report the case, with the address of the letter, &c., to the Secretary. The following are examples of the articles referred to:—

A glass bottle, or glass in any form; razors, scissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit, or vegetables; bladders or other vessels containing liquids; gun-powder, lucifer matches, or anything which is explosive or combustible.

When any letters, &c., remain undelivered, owing to the residences of the persons to whom they are addressed not being known, a list of the addresses is affixed in the window of the Post Office to which they may have been sent, during the time (one week) they are allowed to remain there.

WARM CLIMATES.

The practice of sealing letters passing to and from the East and West Indies, and other warm climates, with Wax (except such as is specially prepared) is attended with much inconvenience, and frequently with serious injury to the letters, in consequence of the Melting of the Wax and Adhesion of the Letters to each other.

The public are therefore recommended in all such cases to use either Wafers or Gum, and also to advise their correspondents in the Countries referred to to do the same.

PRUSSIA AND THE GERMAN POSTAL UNION GENERALLY.

According to the regulations of the German Postal Union, no letter exceeding 50 grammes (a little more than $1\frac{1}{2}$ oz.) in weight, and containing any other enclosure than paper, can be allowed to circulate by the post. Any letters, therefore, forwarded in the Mail to Prussia above that weight, and containing any other enclosure than paper, will be liable, on their arrival at the Prussian frontier, to be stopped and sent to the Custom-House for delivery as *freight*.

THE SOCIETY offers such a safe and profitable means of accumulating a sum of money year by year as cannot be obtained in any other way. The Shares are £25 each, and are paid by fortnightly instalments of One Shilling per Share, or in larger sums if desired. All the Funds are lent on good heritable securities.

The Society will receive Loans of £25 and upwards (repayable on one month's notice) at such rates of interest as may be agreed on; payable half-yearly. Lenders have the security of the Society's Funds in addition to the heritable securities held by the Society, and have thus a better security than ordinary lenders on Property.

Advances are made by the Society to enable Members to build or purchase Dwelling-Houses or other Heritable Property. The repayments necessary to clear off the loan and interest would not much exceed the rent. Bonds to, and Discharges by, the Society are exempt from Stamp Duty.

The Manager, the Surveyor, or the Solicitors, will at all times give information as to the nature and working of the Society.

OFFICE AND SALEROOM,
42 REFORM STREET, DUNDEE.

JAMES M. MACKENZIE, Agent.

EXTENSIVE trials by many of the most prominent Manufacturers in England, France, and the United States, have proved beyond all doubt that, for general purposes, the WHEELER & WILSON SEWING MACHINE has no equal. For ten years they have been before the public, during which time the Company has sold over 140,000, and received for them above 43 First-Class Medals, among which were the Gold Medal at Paris, 1861, and the Prize Medal at London, 1862. They are adapted to every variety of sewing for family wear, from the lightest muslins to the heaviest cloths. They work equally well upon Silk, Linen, and Woollen Goods, and Embroider, Fell, Gather, Tuck, Quilt, Bind, Cord, Braid, and Hem, turning their own Hem as they stitch. They sew with great rapidity, and with such precision and beauty as to give grace and finish to the garment, which never could be obtained by hand. Such is the experience of Manufacturers, Dressmakers, and good House-wives in all parts of the country.

There are many sewing machines of reputed merit now before the Public. The WHEELER & WILSON MACHINE differs from all others in its general construction, making the lock stitch which cannot be unravelled, and sewing a seam stronger than the fabric itself.

The Qualities which recommend the Wheeler & Wilson Machine are:—

1. The machine is exceedingly simple in every part, and not liable to get out of order.
2. It is easily learned.
3. It is so light that scarcely any exertion is required to use it. An invalid, whose strength is sufficient to walk about the house, or to do the work of a child ten years old, can sew all day without being the least fatigued.
4. It is exceedingly neat in appearance, takes up very little room, and can be used as an ornament for the parlour, as well as a useful instrument for the work-room.
5. It makes very little noise, and is regarded as the only machine fit for houses where there are families adjoining, or where noise is an objection to occupants below.
6. The durability of the machine is such as to wear an ordinary life-time, and for years will run without repairs.
7. It keeps the work entirely free from oil, which is a great objection with most other machines. Silk of the most delicate colour can be sewed with perfect safety.
8. Its speed is unequalled, making 1500 stitches per minute, and does the work of ten good hands.
9. It is adapted to every variety of sewing for family use, from the finest Gossamer to eight or ten thicknesses of Wincey, and can be changed in a moment to suit any kind of material, coarse or fine.

It would be quite out of the sphere of an ordinary advertisement to quote Testimonials, and we insert only one, from a Lady in this neighbourhood, and refer all interested to our Illustrated Circulars, which can be had gratis on application.

Mr JAMES MACKENZIE,
DEAR SIR,

RELIEF MANSE, COUPAR-ANGUS,
5th December, 1863.

I can truly say that my SEWING MACHINE is the most useful and interesting article I ever possessed—accomplishing my work, from the finest Cambric to the strongest Cloth, with astonishing rapidity, beauty, and strength. In short, it is a daily delight, and I am more than glad to have this opportunity of extolling its undoubted merits.

I am,

Yours very truly,

M. W. WALLACE.

LONDON, DUBLIN, & EDINBURGH,

Who have the largest Wine Trade direct with the Consumer in

BEING desirous of saving both large and small consumers
all possible expense of carriage from London, beg to make
known that a stock of their leading Wines is kept by their *Agent*,

G. B. FRASER, 6 Dock Street, Dundee,

and as a security that the different qualities are imported and bottled
by W. & A. GILBEY, all corks and bottles will bear their seals,
brands, and labels.

SHERRY, "Castle Hambro'," 15s. per Dozen. In consequence of
the great quantity of Hambro' Sherry imported into this
country within the last few years by the wine trade generally,
and sold as Spanish and other wines (upwards of
400,000 gallons annually), we have resolved to introduce it
under its proper designation, and offer it as "Hambro'
Sherry," on its own merits.

SHERRY, from the Cape, 18s. per Dozen. Light gold colour. The
produce of vines transplanted from Xeres (Spain). A really
good-flavoured Wine, suitable for dinner or luncheon.

MARSALA, "Castle V.M.," 15s. per Dozen. Light gold colour.
This old Vatted Marsala possesses good body and excellent
flavour. It is one of the cheapest and most wholesome dinner
Wines imported into this country.

MARSALA, "Castle A.," 18s. per Dozen. Pale colour. This is
grown in the district of Bronte in Sicily. It is a Wine possessing
extreme delicacy of flavour, good body, yet dry on
the palate. It has been selected as combining the characteristics
of the most delicate Sherries.

SHERRY, "Castle A.," from Spain, 24s. per Dozen. Pale colour.
Is pure, wholesome, and very delicate. An excellent dinner
or luncheon Wine. 4 years old.

SHERRY, "Castle B.," from Spain, 24s. per Dozen. Dark
brown colour. Is full, rich, stimulating, and suitable as an
after-dinner Wine, or for mixing with water. 4 years old.

SHERRY, "Castle C.," from Spain, 30s. per Dozen. Pale colour.
A soft, delicate, and good-flavoured Wine. Particularly
suitable for dinner or luncheon. 6 years old.

W. & A. GILBEY—*Continued.*

PORT, "Castle Ebro," from the North-East of Spain, 15s. per Dozen. This Wine is grown in a district capable of producing almost unlimited supplies of good Red Wine. It possesses excellent body, full fruity character, and is of a ruby colour. For purposes where a cheap, nutritious Port Wine is needed, this Wine will be found particularly suitable.

PORT, from the Cape, 18s. per Dozen. The produce of the Oporto Vine transplanted. It is sufficiently matured to be quite fit for present use, and is a full, fruity, and strongly stimulating Wine.

PORT, "Castle 1," from Portugal, 26s. per Dozen. 5 years in the wood. A full-bodied, fruity Wine, possessing excellent flavour. It is selected as being one of the finest Wines grown on the Douro, and is mature and fit for present use, but will continue to improve either in wood or in bottle.

CLARET, "Castle A," 12s. per Dozen. This Red Wine is the natural Vin ordinaire in daily use on the Continent at all meals. It drinks softer, and is more satisfying when diluted with half or three parts of water, besides being much cheaper and more wholesome than beer. Labelled "Castle A" Claret, Bordeaux.

BURGUNDY, "Castle 1," 12s. per Dozen. This Red Wine is from a large producing district in the Department of the Yonne. It is a Wine in daily use on the Continent at all meals. It possesses sufficient body to render it pleasant and healthful in use. It is a fuller Wine than Claret, and is by some preferred to it. It drinks softer, and is more satisfying when diluted with three parts water, besides being much cheaper and more wholesome than beer. Labelled "Castle 1" Burgundy, Yonne.

BEAUJOLAIS, "Castle 1," 14s. per Dozen. This Red Wine is from Beaujolais, a large district on the Rhone, producing one of the best moderate-priced Red Wines. It has long been esteemed on the Continent as the cheapest dinner Wine, and has gained favour in this country since the alterations of Customs' duties. Labelled "Castle 1" Beaujolais, Rhone.

Books of Prices, containing descriptions of 175 varieties of Wines and Spirits, can be had, samples tasted, or any quantity obtained, on application to our Agent as above; and as a security that the different qualities are imported and bottled by W. & A. GILBEY, all Seals will bear their "Castle" Trade mark.

THE "HOWE" SEWING MACHINES.

ELIAS HOWE, Jun., of New York, the Inventor of the Sewing Machine, has now, by the decision of the Lord Chancellor (FOXWELL v. BOSTOCK), received the Reward due to his genius, and to long years of patient study and unrequited toil. The Sewing Machines sold under different makers' names, and all more or less imperfect, serve only to mark the various stages in the history of the Sewing Machine as it has approached towards the perfection exemplified in the Machine which now bears his name, and which is HOWE's last, and now *perfect* work.

Apart from our own experience of its superiority over all other Machines, we have pleasure in submitting the testimony of others.

TESTIMONIALS.

From Mr E. Gaunt, Leeds.

DEAR SIR,—The Sewing Machines of Mr Howe's manufacture have given me entire satisfaction. I consider them the best and swiftest made. During the last five years I have had in use from sixty to eighty Machines of various sorts in Stay-making, Boot Closing and Binding, and Cap-making, but, for simplicity, speed, and more particularly for beauty of stitch, I consider yours as unrivalled.

(Signed) E. GAUNT.

From Waterman & Co., Bristol.

SIR,—We are well satisfied with Howe's Cylinder and Table Machines. They have fully answered our expectations. We consider them the best Machines made, simple of construction, and well adapted for our business.

(Signed) WATERMAN & Co.

From Mr R. H. Watson, Leather Merchant, Aberdeen.

Aberdeen, 9th April, 1864.

GENTLEMEN,—I have much pleasure in stating that the Cylinder and Table Machines I had from you of Howe's manufacture, and which have now been in constant use for a considerable time, are giving me entire satisfaction. I believe them to be the best Machines made for boot-closing purposes; and for regularity and beauty of stitch I consider them as unrivalled.

(Signed) R. H. WATSON, Leather Merchant.

From Mr Robert Ireland, Arbroath.

Arbroath, 4th April, 1864.

GENTLEMEN,—Having used one of your Howe's Machines for the last seven or eight months upon almost all kinds of work which

THE "HOWE" SEWING MACHINES—*Continued.*

such Machines are calculated to do, I have great pleasure in saying that it has given me entire satisfaction.

(Signed) ROBT. IRELAND, Bootmaker.

Messrs H. Henderson & Sons, Dundee.

From Henry Boase, Esq., Dundee.

Dundee, 7th April, 1864.

Messrs Henry Henderson & Sons.

DEAR SIRs,—I have pleasure in informing you that the Howe Sewing Machine I got from you about a year ago has given satisfaction in my family, and, when so many are competing for the public favour, I am glad my choice has fallen upon such a useful and efficient Machine. I am, dear Sirs, yours truly,

(Signed) HENRY BOASE.

From Mr James Davidson, Shoemaker, Bervie.

Bervie, April 9, 1864.

SIRs,—I am well pleased with the "Howe Machine" I had from you. Every one who has seen it working says that it is the best Machine in every respect they have seen.

(Signed) JAMES DAVIDSON, Shoemaker, Bervie.

From Mr Charles Donald, Kirriemuir.

DEAR SIRs,—There is a great cry out about this and the other Maker of Sewing Machines being the best, so that those who have a mind to purchase do not know which to decide upon. Having had four years' experience of different Machines, and now six months' experience of "Howe's," I can with confidence recommend it as being the best Machine yet offered to the public. There is no chance of missing stitches with it—that part is complete, and it works with so much ease that an inexperienced worker can operate upon it at once. I highly recommend it to all in the boot and shoe trade, and it is also most complete for Dressmakers' Quilting and such-like.

(Signed) CHARLES DONALD, Kirriemuir.

ASSURERS in the ASSOCIATION have the Choice of TWO SEPARATE SCHEMES, each of which has its peculiar and distinctive advantages:—

ORDINARY ASSURANCE.

ORIGINAL SCHEME (A).—By which the expense of Life Assurance is reduced to the lowest scale consistent with security, the Profits being applied in reducing the Premiums. The Policies are free from many of the usual restrictions, and become unchallengeable after five years. ASSURANCES may be effected so as that the Sums increase to DOUBLE their ORIGINAL AMOUNT, while at same time the Premiums are reduced by the application of profits.

A considerable portion of the first six years' Premiums may remain unpaid. The following are examples of the Payments required under that system:—

POLICIES of £500.			POLICIES of £500, increasing after Ten Years to £750, and after Twenty Years to £1000.

THE STANDARD

LIFE ASSURANCE COMPANY.

ESTABLISHED 1825.

CONSTITUTED BY SPECIAL ACTS OF PARLIAMENT.

PROGRESS OF THE COMPANY'S BUSINESS.

THE BUSINESS of the COMPANY has increased steadily year by year, until it has attained its present large amount. THE STANDARD has transacted a larger amount of Business during the last eighteen years than any other Office.

From 1845 to 1851 the amount of Assurances
effected was £2,614,141 0 10

From 1851 to 1857 the amount of Assurances
effected was 3,116,679 12 6

From 1857 to 1863 the amount of Assurances
effected was 3,378,199 7 0

Total in eighteen years, £9,109,020 0 4

Thus the average amount of new Assurances during the eighteen years, from 1845 to 1863, has been upward of Half a Million Sterling per annum.

These results have not been attained by any other than constitutional means, and the Directors are satisfied that, large as the Business has been, no Office can exhibit a better class of risks. It has not been increased by the inducement of personal loans. The Directors have not followed the practice of assuring deteriorated lives on enhanced terms, nor has the STANDARD obtained business by means of agencies out of the United Kingdom. In short, it is a first-class home business, the Assurances being almost entirely, as stated in the Proposals for Assurance, effected in connection with Family Provisions and Marriage Settlements.

The REVENUE of the Company was in 1845 . £103,371 3 5

" " " " 1851 . 180,203 5 8

" " " " 1856 . 254,484 10 8

" " " " 1863 . 336,960 2 0

STANDARD LIFE ASSURANCE COMPANY—*Continued.*

THE POLICIES
OF THE
Standard Life Assurance Company
ARE MORE VALUABLE THAN ORDINARY
POLICIES,

Inasmuch as they are free from extra Premiums in the case of Foreign residence, when the Directors are satisfied there is no intention or prospect on the part of the Assured to reside abroad. They are also free from other restrictive clauses. These are great benefits. Take as an example a liferenter who assures his life. In ordinary Policies he is limited to a residence in Europe, and his Policy is subject to forfeiture on various grounds. A *STANDARD Free Policy*, once obtained, contains but one condition—payment of the Premiums, and for that, too, increased facilities are given; while, at the end of five years, the Assurance Deed becomes—as regards any question—a simple promise to pay on proof of death. If the Policy is to be made the basis of a Marriage Contract, or to be a security in any way, the advantage of a free Assurance is undeniable; and in the present day, every Policy, it may be said, becomes in the course of its existence, in some way or other, the groundwork of a responsible transaction.

THE PROFITS OF THE COMPANY

Have been divided on six occasions—in 1835, 1840, 1845, 1850, 1855, and 1860—when large additions were made to Policies under the peculiar modes of division adopted by the Company, which is essentially Tontine, affording very important advantages to Assurers.

Next Division in 1865 and every five years afterwards.

Do. 1852— 76,925 4 2 | Do. 1860— 262,977 19 11

Whilst in 1862 they exceeded £300,000,

Proving the high estimation in which the Royal is held by the Public.

LIFE BRANCH.

The following figures will prove the wonderful progress of this Branch.

NEW SUM ASSURED, 1848—£48,764 | NEW SUM ASSURED, 1856—£297,560

Do. 1852—181,504 | Do. 1860— 449,241

Whilst for 1862 it exceeded £700,000,

Placing the Royal among the highest rank of the Insurance Companies of Great Britain.

The following facts prove the high standing of the Company:—

ANNUAL FIRE REVENUE, £300,000.

No other FIRE Insurance Office has, under any circumstances, ever before attained to a SIMILAR REVENUE IN EIGHTEEN YEARS from the time of its establishment.

No OFFICE HAS ADVANCED SO RAPIDLY, year by year, as the ROYAL, during such a period, unless by the purchase of other Offices, and by adding the revenues of such Offices to their own.

The increase of Fire Duty paid by the Royal proves, by a method of long acknowledged and unquestionable accuracy, the WONDERFUL PROGRESS of the Establishment.

In the year 1862 alone, an amount exceeding £100,000 has been ADDED TO THE AVAILABLE FUNDS of the Company, after paying all Claims and Expenses.

The fact that out of a PROFIT of £56,000 realised on Fire business last year, the sum of £34,000 only was paid in the shape of Dividend to the Proprietors, shows the utmost prudence on the part of the Directors, and gives the greatest possible security to Insurers.

The capability of paying a sum exceeding £200,000 annually in Claims, notwithstanding these immense Reserves, exhibits a magnitude of operations having few equals.

MUTUAL LIFE ASSURANCE.

THE CORPORATION OF THE SCOTTISH PROVIDENT INSTITUTION,

No. 6 ST ANDREW SQUARE, EDINBURGH.

The only Office which combines the benefit of Participation in the whole Profits with Moderate Premiums.

THE PREMIUMS, at early and middle ages, are about a fourth lower than in any of the other Scottish Mutual Offices. They are equally moderate with the *Non-Participating* rates of the Proprietary Companies,—which they admit of being, not only with safety, but with ample reversion of Profits to the Policy-holders, being free from the burden of Dividends to Shareholders.

The arrangement, by which the Premiums are reduced to a rate commensurate with the risk without sacrificing the right to profits, is obviously more suited for securing a competent family provision, in case of early death, than that which, by the same yearly outlay, secures a much smaller present sum, with the hope only of prospective and contingent additions.

A Table of the Premiums, by different modes of Payment, will be found annexed. A person of 30 may secure £1000 at death with prospective additions, for a yearly payment of £20 15s only; while in any of the other Mutual Offices (which give the whole profits), the rate is £25 17s 6d. This Premium, if paid to the SCOTTISH PROVIDENT, would secure, from the first,

A Policy for £1250, instead of £1000.

PROFITS.

The principle on which the profits are divided will commend itself as not only safe and equitable, but as the most satisfactory method on which the Profits arising from Moderate Premiums could be allocated. Instead of being given among all Policies indiscriminately—including those which have subsisted only a few years, and on which there may eventually be a heavy loss to the Common Fund—they are reserved for those Members who alone can have made surplus payments; in other words, for those whose Premiums, with accumulated interest, amount to the sums in their Policies.

The practical working of the system has been, that Policies of £1000 which have come within the Participating Class have been increased to £1300, £1500, and, in some instances, to upwards of £1700.

In all points of practice—as in provision for the indefeasibility of Policies, facility of license for travelling, or residence abroad, and of obtaining advances on the value of the Policies—the regulations of the Society, as well as the administration, are as liberal as is consistent with right principle.

ANNUITIES, immediate and contingent, on favourable terms.

Forms of Proposal, copies of the Annual Reports, and every assistance in carrying through an Assurance, may be had at the Head Office, or any of the Agencies.

AT the MEETING of the SHAREHOLDERS, held on the 3d March, 1864, the Directors had the satisfaction of reporting the following results of the business for the year ending 31st December:—

1. That the Fire Premiums received amounted to £57,058, 14s. 6d.
2. That the Fire Losses amounted to £27,932, 6s. 5d.
3. That the Life Assurance Fund was increased from £85,654, 15s. 6d. to £94,699, 7s. 6d.
4. After providing for the ordinary Dividend of £7242, the Proprietors' Surplus Fund amounts to £10,782, 10s. 8d.
5. That the Funds of the Company are now increased to £266,418 13s. 7d.

The increase in the business in both Fire and Life Branches was most satisfactory.

The next Quinquennial Investigation into the Life Business, with the view to a division of profits, will be made after December, 1864. All intending Insurers should insure before December next, so as to secure the benefit of the present year's entry.

LANCASHIRE INSURANCE COMPANY—*Continued.***ADVANTAGES.**

ECONOMY OF MANAGEMENT.—The Expenses of Management of the Lancashire Insurance Company are the least in proportion to the Income of any of the fifty-two Companies who have rendered their Accounts to the Registrar-General, under the Joint-Stock Companies' Act. (*See pamphlet by R. Christie, Esq., Scottish Equitable Office, Edinburgh.*)

The great extent of the **FIRE BUSINESS** of the Company enables the Directors so to apportion the expenses of management as to charge the Life Department with its proper costs only, thus giving Assurers with **THE LANCASHIRE INSURANCE COMPANY** all the *real* benefits offered by a *Mutual Office*, without any of its drawbacks.

THE RATES OF PREMIUM are extremely moderate, but calculated by an eminent and experienced Actuary, and are ample on First-Class Lives to produce a **LARGE BONUS FUND**, which will be **DIVISIBLE AMONGST THE ASSURED** in 1866.

MEDICAL FEES.—All Medical Fees and other charges paid by the Company.

STAMP DUTIES not Charged, and Policies are issued *free of any expense whatever* beyond the Premium.

RIFLE, ARTILLERY, MILITIA, OR YEOMANRY CORPS.—Policies will be issued to persons serving in these Corps, free of any additional charge.

The system of buying and making up only at one central manufactory secures all the advantages of wholesale dealings, and this, combined with the saving effected in the making up, by the system of division of labour, (a system which can only be carried on successfully in large establishments,) makes his Clothing the cheapest that is offered for sale.

Those who prefer their Clothing made to measure, can select from a very large stock of piece goods, and bespoke goods are charged the same prices as if bought ready-made.

EXISTING ASSURANCES (1864),Above £4,500,000.

ANNUAL INCOME, " " 175,000.

ACCUMULATED FUNDS, " " 1,000,000.

NUMBER OF EXISTING POLICIES ABOVE 10,000.

THIS OFFICE being purely Mutual, the Funds, now amounting to above One Million Pounds sterling, have been entirely created by the steady accumulation of the Premiums of the Members (Policy-holders), *to whom the whole Profits belong.*

When to the figures prefixed it is added that the Accumulated Funds, after deducting the Annuity Fund, are equal to about *Seventy-five per cent.* of the whole Premiums received on existing Policies, the general satisfactory financial position of the Society, and the success of its operations, will be apparent.

PARTICULAR ATTENTION is invited to the Special Pamphlet, explaining the System of MINIMUM PREMIUMS introduced by the Society, under which it is believed that Assurances can be effected *more economically* than in other Offices. Under this system Annual Premiums are reduced to the *minimum* or least possible amount *from*

Scottish Amicable Life Assurance Society—Continued.

the commencement by the application to this purpose of an estimated Bonus of $1\frac{1}{2}$ per cent. per annum. Any ascertained variation from this rate, the lowest ever experienced by the Society, forms an addition to, or deduction from, the amount assured on its becoming a claim.

The following is an extract from the Table of Annual Rates:—

TABLE A C—MINIMUM PREMIUMS FOR ASSURANCE OF £100.

AGE.	PREMIUM.	AGE.	PREMIUM.	AGE.	PREMIUM.	AGE.	PREMIUM.
20	£1 8 6	30	£1 16 7	40	£2 9 7	50	£3 10 9
25	1 12 0	35	2 2 2	45	2 18 8	55	4 6 4

Many persons are anxious to be freed from payment of any Premium in advanced life, when they may be no longer earning an Income. This is met by the Society's Table of Limited Minimum Premiums, from which the following is an extract:—

TABLE C D C—PREMIUMS PAYABLE TILL THE AGE OF 60 OR 65 ONLY, FOR THE ASSURANCE OF £100.
